## Welcome to 1Stop Money

With more than 20 million Britons reportedly now in debt, and nearly half of all adults (44%) owing money on a variety of loan and credit products, the demand for information on managing debt is continually growing. At 1Stop Money we understand that there are *many* reasons why people find themselves struggling in debt, and so we are experienced in helping people with a variety of debts, such as:

- Credit/store card overspending
- Debt following separation or divorce
- Loss of work through disability, injury or poor health
- Redundancy
- Debt following death of a family member
- Gambling or spending addictions
- Expanding families or single parenthood

### Spiraling Debt

Unfortunately, many people with spiraling debts turn to unsecured or personal loans with vast interest rates, later finding themselves unable to keep up with the repayments. This inevitably leads to being hounded for money for late payments, which soon mount up and get out of control if ignored. Similar problems can occur due to car finance and mail order debts - and even mortgage.

At 1Stop Money we appreciate that being in debt is stressful, disheartening and can become overwhelming if allowed to escalate. Whatever your reason for being in debt, a member of the 1Stop Money team is ready to help you find a solution tailored to your debt needs - to help you take your first steps towards becoming debt-free and more importantly, to *staying* debt-free.

### Finding A Solution

We believe we can help you with any debt problem - even if you have been previously turned down for a debt consolidation loan or re-mortgage. You may need information on how to manage your debts and spending, or want to find out more about Individual Voluntary Arrangements, often called **IVAs**. Maybe you are considering a **debt management plan**, or want to know more about **bankruptcy**.

1Stop Money wants to help you be pro-active about getting out of debt. There is no need to feel helpless or smothered by debt worries. Whatever your circumstance, we will aid you in choosing the best debt solution for *you* - and that means finding the quickest and easiest route to freeing you from your debt worries.
